

WINTRUST
MORTGAGE™

BULLETIN # 09-0225-3WC

February 25, 2009

BULLETIN HIGHLIGHTS

Changes to WMC's Pricing Engine (Optimal Blue)

Effective immediately, Brokers and Correspondents will no longer see their pending locks or confirmed locks in Optimal Blue.

Once a loan is submitted for lock, the lock will be sent to WMC's Secondary Marketing Department for confirmation. If there is any problem with the lock, you will be notified immediately via email of the problem. If the lock is okay, Secondary will confirm the lock within 24 hours.

Once you receive the email confirmation of the lock, you will be able to view the loan in your pipeline on our website at www.wintrustmortgage.net through the Blue Connect Tools Option.

If you should have any question, please contact your Account Executive.
