

VA Authorized Agent Lending Program

We are pleased to announce that Wintrust Mortgage Corporation (WMC) is now participating in VA's Authorized Agent Lending Program to include VA LAPP Authority.

If you wish to participate, please follow the procedures below:

1. Submit \$100 check made payable to Veteran's Administration and forward the check to WMC:
1 South 660 Midwest Road, Oakbrook Terrace, IL, Attention; Correspondent
The check should be clearly marked as "VA Authorized Agent Request." This is an annual fee required by VA and will be your responsibility to remit in order to participate in the program. When renewing, mark the check "VA Agent Renewal."
2. Provide letter on your company letterhead with your company's full legal name, address, phone and fax numbers, Federal Tax ID Number, and email address for the primary contact person, and your company's website address (URL) if available. The letter should request an Authorized Agent relationship with WINTRUST MORTGAGE CORPORATION.

WMC will forward the \$100 check along with our Corporate Resolution and your information to the appropriate VA office. VA will forward recognition of the relationship to WMC in writing. Once WMC receives, you will be notified that WMC can now accept your VA loans for underwriting. (A copy of the VA recognition will be sent to you for your records.)

In addition, your company will need to contact the VA office with jurisdiction over your home office to obtain a VA lender ID number if you do not already have one (this process must be done before the agent request can be made to WMC).

If you have any questions regarding the VA Authorized Agent Program, please feel free to contact your Regional Wholesale office or your Account Executive at any time.
